

TCG Strategic Plan - Stakeholder Feedback List

Step one of our strategic planning process is *COLLABORATE*. Together we'll work to identify the appropriate key stakeholders to inform your planning process. By engaging diverse stakeholders in your organization's planning process we not only help to increase buy-in and ownership from those key stakeholders but also solicit rich feedback to inform the final plan.

The following template will help you organize *who* you want to gather feedback from and *what* you want to learn from them:

KEY STAKEHOLDER <i>(List WHO you want to solicit feedback from – be specific)</i>	KEY QUESTIONS <i>(What do you want to KNOW/ LEARN from them?)</i>
