

Denae Green

Transform Consulting Group Project Consultant
d.green@transformconsultinggroup.com | 317.324.4070 x809

Immersive. Compassionate. Mission Driven.

Denae Green is a passionate speaker, consultant, and leader for missions that change the world. She has been instrumental in launching successful fundraising and marketing efforts, consulting on leadership, program expansion strategies, and development. She is also a highly sought-after coach for organization leaders and board members. She believes that with the right tools, even the smallest organizations have the potential to achieve their vision.

Before joining Transform Consulting Group (TCG), Denae spent over 13 years driving growth and expansion for White's Residential and Family Services. Seeing an extraordinary gap in programming, Denae spearheaded the campaign to create Compass Rose Academy for at-risk teen girls. As the Admissions Director, Denae oversaw all admissions, marketing, strategic program development, and outreach.

Guided by the best practices and standards TCG has developed, organizations like the Boys and Girls Club of America, YUSA, the National Head Start Association, United Way of Central Indiana, the Community Foundation of Greater Ft. Wayne, and Welborn Baptist Foundation to continue to experience measurable outcomes; ultimately driving funding, mission awareness and outreach, and sustainability to ensure their critical work continues to advance and drive transformational impact.

Denae received her BS in Business Administration from DePaul University. She received a full-ride scholarship for volleyball which is a testament to her ability to focus and plan for achieving her goals. Her competitive spirit no doubt shines, and her tenacity, commitment, and desire to lead teams have made her an invaluable player on any organization's team.

Denae resides with her family in Wabash, Indiana – her hometown. As a firm believer that change starts within your community, she passionately volunteers and serves on multiple boards and committees in her community.
